

Thank you for your Contribution to
Lower 9th Ward Village!

Friends of the Village Brick Program

Your purchase of an engraved brick with a personalized message will be installed in the front lawn of the Village. Bricks will be installed twice a year: January and June. This community center represents more than just a community center. We are working to show how we can better embrace disaster and connect your support directly to those recovering from disaster. Less than 10% of money and material donated actually gets to the people who desperately need it.

Item	Donation
4" x 8" Brick with 2 line message	\$250
8" x 8" Brick with 4 line message	\$500
